

Valu Jack

Product & Marketing Execution Plan

May 2026 — September 2027

Target	Timeline	Revenue	Investment
500 PRO customers	18 months	€5,000/month	€16,500 total

Stage Overview

Stage	Period	Goal	Investment
STAGE 0	Apr–Jul 2026	MVP → 10 customers	€500–1,000
STAGE 1	Aug–Nov 2026	10 → 50 customers	€1,000–1,500
STAGE 2	Dec 2026–Mar 2027	50 → 200 customers	€5,000–8,000
STAGE 3	Apr–Sep 2027	200 → 500 customers	€10,000–15,000

STAGE 0: MVP → 10 CUSTOMERS | April–July 2026

IMMEDIATE PRIORITY — Product Ready for Paying Users

WEEK 1 (now): Strategy Cards in How It Works

- Build interactive strategy cards (KING, JACK, QUEEN, ACE, JOKER, TWO)
Shows research depth, increases free→PRO conversion
- Each card shows: strategy name, icon, what it screens for, example metric
- Mobile and desktop responsive layout

WEEK 2: Desktop Layout Fix

- Fix card display on desktop — side-by-side layout for 2 cards
Currently cards appear too small/misaligned on wide screens
- Fix expanded card modal width on desktop
- Fix How It Works section for desktop

WEEK 3: SEO + Analytics

- Add meta titles and descriptions to index.html
Free — critical for Google to find the page
- Add Open Graph tags for social sharing previews
Makes shared links look professional on Twitter/LinkedIn
- Connect Google Analytics (free)
You already have a Google account — zero cost
- Submit sitemap to Google Search Console
Free — tells Google to index the site

WEEK 4: Admin Page

- Password-protected admin page at valujack.com/admin

Password: `valujack2026`

- Show today's drawn cards (free + pro)
 - Show card pool stats: total cards, by type, by stars
 - Show 14-day draw history
 - Flag cards with missing data or issues
-

MONTH 1 WEEK 5-6 — Monetisation

WEEK 5: Stripe + Pricing Page

- Set up Stripe account and connect to PRO paywall
Create FOUNDER promo code for free access (you + friends)
- Build simple pricing page: FREE vs PRO comparison
FREE: 1 card/day | PRO €9.99/month: 2 cards + all strategies
- Add Subscribe button that triggers Stripe checkout
- Test full payment flow with test card

WEEK 6: Email Collection + PWA

- Add MailerLite signup box: "Get your free daily pick"
Free up to 1,000 subscribers — zero cost
 - Add PWA manifest.json and service worker
30 mins — makes app installable on phone home screen
 - Test "Add to Home Screen" on iPhone and Android
-

MONTH 2 — PRO Value Features

WEEK 7-8: Watchlist Feature

- Allow users to save cards they like to a watchlist
Stored in localStorage — no backend needed
- Show watchlist as a scrollable list of saved cards
- PRO feature: watchlist highlights when card becomes undervalued

WEEK 9-10: User Preferences (PRO)

- Country filter: show only stocks from selected countries
UK, Ireland, Sweden, Norway, USA, Germany etc.
 - Strategy filter: show only KING, JACK, TWO etc.
 - Stars filter: show only 4+ star cards
 - Preferences saved in localStorage
-

MONTH 3 — Credibility Features

WEEK 11-12: Performance Tracking Page

- Show historical ValuJack picks and how they performed
Builds massive credibility — users can verify the system works
- Simple table: card shown, date, price at draw, current price, return
- Highlight outperformers in green

WEEK 13-14: About + Methodology Page

- About page: your story, why you built ValuJack
- Methodology page: DCF model, screening process, 6 strategies explained
- Card of the Day shareable image generator

Auto-generated image for social sharing — free viral marketing

STAGE 1: 10 → 50 CUSTOMERS | August–November 2026

MONTH 4-5 — Content & Community

MONTH 4: Content Machine Launch

- Weekly newsletter: "This Week's Best ValuJack Picks"
Claude writes it — 10 mins of your time to send
- 2 blog posts per week (Claude writes, you publish)
SEO compounds slowly — start now
- Twitter/X daily posts: card previews + market insights
- Referral system: "Share ValuJack, get 1 month free"

MONTH 5: Community Building

- Reddit organic outreach: r/UKInvesting, r/UKPersonalFinance
Provide value first — answer questions, mention ValuJack naturally
- LinkedIn 3x per week: professional positioning
- Reach out to 5 finance micro-influencers for free PRO review
- SEO landing pages: "Best dividend stocks UK today" etc.

MONTH 6-8 — Scale What Works

MONTH 6-7: Double Down on Winners

- Analyse which content channels drive signups — double down
- Guest posts on 2-3 UK finance blogs
- "Success Stories" page with customer testimonials
- Run first small giveaway: "Share for 1 year free"

MONTH 8: Stage 1 Review

- Analyse 8 months of data: CAC, conversion, churn
- Plan Stage 2 paid advertising budget
- Target: 50 paying customers (€500/month revenue)

STAGE 2: 50 → 200 CUSTOMERS | December 2026–March 2027

Month	Focus	Ad Budget	Target
Dec 2026	Launch Google + Facebook Ads — test 5 keywords, 3 audiences	€100/week	70 customers
Jan 2027	Kill underperformers, double winners. A/B test landing page	€200/week	100 customers
Feb 2027	Scale winning campaigns. Add YouTube pre-roll. Retargeting	€300/week	140 customers
Mar 2027	All-out sprint. Lookalike audiences. Referral contest €500 prize	€400/week	200 customers

STAGE 3: 200 → 500 CUSTOMERS | April–September 2027

Month	Focus	Key Milestone
Apr–May 2027	iOS app development (€5,000 contractor)	App submitted to App Store
Jun 2027	iOS app launch + PR campaign	300 customers
Jul 2027	Android development (€5,000 contractor)	360 customers
Aug 2027	Android launch + app install campaigns	430 customers
Sep 2027	All-out sprint: €1,200/week marketing	500 CUSTOMERS ■

Key Metrics to Track Weekly

Growth	Marketing	Financial	Product
Total PRO customers New this week Churn rate Net growth MRR (Monthly Revenue)	Website visitors Free signups Free→PRO conversion % Traffic sources Newsletter open rate	CAC per channel Monthly costs Monthly profit/loss Runway (months)	Daily active users Cards viewed/user Most popular strategy User feedback

Immediate Next Actions (This Week)

1	Strategy cards in How It Works	Today — builds credibility, increases conversion
2	Desktop layout fix	This week — UK investors use desktop
3	SEO meta tags + Google Analytics	This week — free, compounds over time
4	Admin page	This week — needed before paying users
5	Stripe + pricing page	Next week — enables revenue
6	MailerLite signup box	Next week — captures leads for free
7	PWA (installable app)	30 mins — do alongside any other task

Bootstrap principle: Zero external funding. Every stage funded by previous stage revenue. Content (blog, newsletter, social) written by Claude — minimal time investment required.
